

# SAFETY DATA SHEET

In accordance with UN GHS latest edition

**Product:** TOASTED MARSHMALLOW

**Version:** 2

## Section 1. Identification of the substance or the mixture and of the supplier

### 1.1 Product Identifier

**Product identifier:** TOASTED MARSHMALLOW (Contains: Benzyl benzoate, Coumarin, Piperonal, Tetrahydrolinalool)

**Other identifiers:** none

### 1.2 Relevant identified uses of the substance or mixture and uses advised against

**Product uses:** Fragrances

### 1.3 Details of the supplier of the safety data sheet

**Company name:** Sable Scents LLC

**Company address:** 1685 Terrell Mill Road SE  
Marietta, GA 30067  
USA

**Contact:** Regulatory Affairs

**E-Mail address:** help@sablescents.com

**Company phone:** 404-281-5355

### 1.4 Emergency telephone number

**Emergency phone:** 404-281-5355

## Section 2. Hazards identification

### 2.1 Classification of the substance or mixture

**Class and category of danger:** Flammable Liquid, Hazard Category 4  
Acute Toxicity - Oral Category 4  
Skin Corrosion / Irritation Category 3  
Eye Damage / Irritation Category 2  
Sensitization - Skin Category 1  
Hazardous to the Aquatic Environment - Acute Hazard Category 1  
Hazardous to the Aquatic Environment - Long-term Hazard Category 2  
H227, Combustible liquid.  
H302, Harmful if swallowed.  
H316, Causes mild skin irritation.  
H317, May cause an allergic skin reaction.  
H319, Causes serious eye irritation.  
H400, Very toxic to aquatic life.  
H411, Toxic to aquatic life with long lasting effects.

### 2.2 Label elements

**Signal word:** Warning

**Hazard statements:** H227, Combustible liquid.

---

---

# SAFETY DATA SHEET

In accordance with UN GHS latest edition

**Product:** TOASTED MARSHMALLOW

**Version:** 2

H302, Harmful if swallowed.  
H316, Causes mild skin irritation.  
H317, May cause an allergic skin reaction.  
H319, Causes serious eye irritation.  
H400, Very toxic to aquatic life.  
H411, Toxic to aquatic life with long lasting effects.

**Precautionary statements:**

P210, Keep away from heat, sparks, open flames and hot surfaces. - No smoking.  
P261, Avoid breathing vapour or dust.  
P264, Wash hands and other contacted skin thoroughly after handling.  
P270, Do not eat, drink or smoke when using this product.  
P272, Contaminated work clothing should not be allowed out of the workplace.  
P273, Avoid release to the environment.  
P280, Wear protective gloves/eye protection/face protection.  
P301/312, IF SWALLOWED: call a POISON CENTER or doctor/physician if you feel unwell.  
P302/352, IF ON SKIN: Wash with plenty of soap and water.  
P305/351/338, IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.  
P330, Rinse mouth.  
P333/313, If skin irritation or rash occurs: Get medical advice/attention.  
P337/313, If eye irritation persists: Get medical advice/attention.  
P363, Wash contaminated clothing before reuse.  
P370/378, In case of fire: Use carbon dioxide, dry chemical, foam for extinction.  
P391, Collect spillage.  
P403/235, Store in a well-ventilated place. Keep cool.  
P501, Dispose of contents/container to approved disposal site, in accordance with local regulations.

**Pictograms:**

## 2.3 Other hazards

**Other hazards:** Hydrocarbon Concentration %: 0.0000%

## Section 3. Composition / information on ingredients

### 3.2 Mixtures

**Contains:**

# SAFETY DATA SHEET

## Substances with workplace exposure limits, not listed above:

Not Applicable

## Section 4. First-aid measures

### 4.1 Description of first aid measures

**Inhalation:** Remove from exposure site to fresh air, keep at rest, and obtain medical attention.

**Eye exposure:** IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

**Skin exposure:** IF ON SKIN: Wash with plenty of soap and water.

**Ingestion:** IF SWALLOWED: call a POISON CENTER or doctor/physician if you feel unwell.

### 4.2 Most important symptoms and effects, both acute and delayed

Harmful if swallowed.

Causes mild skin irritation.

# SAFETY DATA SHEET

In accordance with UN GHS latest edition

**Product:** TOASTED MARSHMALLOW

**Version:** 2

May cause an allergic skin reaction.

Causes serious eye irritation.

## 4.3 Indication of any immediate medical attention and special treatment needed

None expected, see Section 4.1 for further information.

## Section 5: Firefighting measures

### 5.1 Extinguishing media

Suitable media: Carbon dioxide, Dry chemical, Foam.

### 5.2 Special hazards arising from the substance or mixture

In case of fire, may be liberated: Carbon monoxide, Unidentified organic compounds.

### 5.3 Advice for fire fighters:

In case of insufficient ventilation, wear suitable respiratory equipment.

## Section 6. Accidental release measures

### 6.1 Personal precautions, protective equipment and emergency procedures:

Avoid inhalation. Avoid contact with skin and eyes. See protective measures under Section 7 and 8.

### 6.2 Environmental precautions:

Keep away from drains, surface and ground water, and soil.

### 6.3 Methods and material for containment and cleaning up:

Remove ignition sources. Provide adequate ventilation. Avoid excessive inhalation of vapours. Contain spillage immediately by use of sand or inert powder. Dispose of according to local regulations.

### 6.4 Reference to other sections:

Also refer to sections 8 and 13.

## Section 7. Handling and storage

### 7.1 Precautions for safe handling:

Do not eat, drink or smoke when using this product.

### 7.2 Conditions for safe storage, including any incompatibilities:

Store in a well-ventilated place. Keep container tightly closed. Keep cool. Ground/bond container and receiving equipment. Use explosion-proof electrical, ventilating and lighting equipment. Use only non-sparking tools. Take precautionary measures against static discharge.

### 7.3 Specific end use(s):

Fragrances: Use in accordance with good manufacturing and industrial hygiene practices.

## Section 8. Exposure controls/personal protection

### 8.1 Control parameters

---

---

# SAFETY DATA SHEET

In accordance with UN GHS latest edition

**Product:** TOASTED MARSHMALLOW

**Version:** 2

**Workplace exposure limits:** Not Applicable

## 8.2 Exposure Controls

### Eye / Skin Protection

Wear protective gloves/eye protection/face protection

### Respiratory Protection

Under normal conditions of use and where adequate ventilation is available to prevent build up of excessive vapour, this material should not require special engineering controls. However, in conditions of high or prolonged use, or high temperature or other conditions which increase exposure, the following engineering controls can be used to minimise exposure to personnel: a) Increase ventilation of the area with local exhaust ventilation. b) Personnel can use an approved, appropriately fitted respirator with organic vapour cartridge or canisters and particulate filters. c) Use closed systems for transferring and processing this material.

Also refer to Sections 2 and 7.

## Section 9. Physical and chemical properties

### 9.1 Information on basic physical and chemical properties

## SAFETY DATA SHEET

In accordance with UN GHS latest edition

**Product:** TOASTED MARSHMALLOW

**Version:** 2

Color Range: 6 Pale Yellow - 4 Pale Yellow

Calculated VOC: 7.36

### Section 10. Stability and reactivity

#### **10.1 Reactivity:**

Presents no significant reactivity hazard, by itself or in contact with water.

#### **10.2 Chemical stability:**

Good stability under normal storage conditions.

#### **10.3 Possibility of hazardous reactions:**

Not expected under normal conditions of use.

#### **10.4 Conditions to avoid:**

Avoid extreme heat.

#### **10.5 Incompatible materials:**

Avoid contact with strong acids, alkalis or oxidising agents.

#### **10.6 Hazardous decomposition products:**

Not expected.

### Section 11. Toxicological information

#### **11.1 Information on toxicological effects**

This mixture has not been tested as a whole for health effects. The health effects have been calculated using the methods outlined in UN GHS.

##### **Acute Toxicity:**

Acute Toxicity - Oral Category 4

Acute Toxicity Oral

1408

Acute Toxicity Dermal

Not Applicable

Acute Toxicity Inhalation

Not Available

##### **Skin corrosion/irritation:**

Skin Corrosion / Irritation Category 3

##### **Serious eye damage/irritation:**

Eye Damage / Irritation Category 2

##### **Respiratory or skin sensitisation:**

Sensitization - Skin Category 1

##### **Germ cell mutagenicity:**

Based on available data the classification criteria are not met.

##### **Carcinogenicity:**

Based on available data the classification criteria are not met.

##### **Reproductive toxicity:**

Based on available data the classification criteria are not met.

##### **STOT-single exposure:**

Based on available data the classification criteria are not met.

##### **STOT-repeated exposure:**

Based on available data the classification criteria are not met.

##### **Aspiration hazard:**

Based on available data the classification criteria are not met.

#### **Information about hazardous ingredients in the mixture**

Refer to Sections 2 and 3 for additional information.

Section 12. Ecological information

12.1 Toxicity:

Very toxic to aquatic life.  
Toxic to aquatic life with long lasting effects.

12.2 Persistence and degradability: Not available

12.3 Bioaccumulative potential: Not available

12.4 Mobility in soil: Not available

12.5 Other adverse effects: Not available

Section 13. Disposal considerations

13.1 Waste treatment methods:

Dispose of in accordance with local regulations. Avoid disposing into drainage systems and into the environment. Empty containers should be taken to an approved waste handling site for recycling or disposal.

**14.5 Environmental hazards:** This is classified as an environmentally hazardous substance under the UN Model Regulations. This is classified as a Marine Pollutant under the IMDG Code.

**14.6 Special precautions for user:** None additional

**14.7 Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code:**

Not applicable

## Section 15. Regulatory information

Essential Oil Components:

| Name                    | CAS                   | %       |
|-------------------------|-----------------------|---------|
| Lemon oil, expressed    | 84929-31-7, 8008-56-8 | 0.1-<1% |
| Orange peel, sweet, oil | 8028-48-6, 8008-57-9  | 0.1-<1% |

Components listed on California's Proposition 65:

| Name    | CAS      | %     |
|---------|----------|-------|
| Myrcene | 123-35-3 | <0.1% |

Naturally-Occuring Materials exempt from Prop65:

| Name    | CAS      | % |
|---------|----------|---|
| Myrcene | 123-35-3 |   |

Components listed on California's SB312

| Name            | CAS       | %       |
|-----------------|-----------|---------|
| Benzyl benzoate | 120-51-4  | 50-100% |
| Coumarin        | 91-64-5   | 1-<5%   |
| Benzyl alcohol  | 100-51-6  | 0.1-<1% |
| Citral          | 5392-40-5 | 0.1-<1% |

Additional formulation properties

| Name           | CAS      | %       |
|----------------|----------|---------|
| Ethyl vanillin | 121-32-4 | 10-<20% |

**Product:** TOASTED MARSHMALLOW

**Version:** 2

|              |                                                                                                                                  |
|--------------|----------------------------------------------------------------------------------------------------------------------------------|
| H361         | Suspected of damaging fertility or the unborn child (exposure route).                                                            |
| H373         | May cause damage to organs (organs) through prolonged or repeated exposure (exposure route).                                     |
| H400         | Very toxic to aquatic life.                                                                                                      |
| H401         | Toxic to aquatic life.                                                                                                           |
| H402         | Harmful to aquatic life.                                                                                                         |
| H410         | Very toxic to aquatic life with long lasting effects.                                                                            |
| H411         | Toxic to aquatic life with long lasting effects.                                                                                 |
| H412         | Harmful to aquatic life with long lasting effects.                                                                               |
| P202         | Do not handle until all safety precautions have been read and understood.                                                        |
| P210         | Keep away from heat, sparks, open flames and hot surfaces. - No smoking.                                                         |
| P233         | Keep container tightly closed.                                                                                                   |
| P240         | Ground/bond container and receiving equipment.                                                                                   |
| P241         | Use explosion-proof electrical, ventilating and lighting equipment.                                                              |
| P242         | Use only non-sparking tools.                                                                                                     |
| P243         | Take precautionary measures against static discharge.                                                                            |
| P260         | Do not breathe vapour or dust.                                                                                                   |
| P261         | Avoid breathing vapour or dust.                                                                                                  |
| P264         | Wash hands and other contacted skin thoroughly after handling.                                                                   |
| P270         | Do not eat, drink or smoke when using this product.                                                                              |
| P271         | Use only outdoors or in a well-ventilated area.                                                                                  |
| P272         | Contaminated work clothing should not be allowed out of the workplace.                                                           |
| P273         | Avoid release to the environment.                                                                                                |
| P280         | Wear protective gloves/eye protection/face protection.                                                                           |
| P281         | Use personal protective equipment as required.                                                                                   |
| P301/310     | IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician.                                                              |
| P301/312     | IF SWALLOWED: call a POISON CENTER or doctor/physician if you feel unwell.                                                       |
| P302/352     | IF ON SKIN: Wash with plenty of soap and water.                                                                                  |
| P303/361/353 | IF ON SKIN (or hair): Remove/take off immediately all contaminated clothing. Rinse skin with water/shower.                       |
| P304/340     | IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.                                 |
| P305/351/338 | IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. |
| P308/313     | IF exposed or concerned: Get medical advice/attention.                                                                           |
| P310         | Immediately call a POISON CENTER or doctor/physician.                                                                            |
| P312         | Call a POISON CENTRE or doctor/physician if you feel unwell.                                                                     |
| P330         | Rinse mouth.                                                                                                                     |
| P331         | Do not induce vomiting.                                                                                                          |
| P332/313     | If skin irritation occurs: Get medical advice/attention.                                                                         |
| P333/313     | If skin irritation or rash occurs: Get medical advice/attention.                                                                 |
| P337/313     | If eye irritation persists: Get medical advice/attention.                                                                        |
| P362         | Take off contaminated clothing and wash before reuse.                                                                            |
| P363         | Wash contaminated clothing before reuse.                                                                                         |
| P370/378     | In case of fire: Use carbon dioxide, dry chemical, foam for extinction.                                                          |
