

# SAFETY DATA SHEET

In accordance with UN GHS latest edition

**Product:** BLUEBERRY CHEESECAKE ®

**Version:** 2

## Section 1. Identification of the substance or the mixture and of the supplier

### 1.1 Product Identifier

**Product identifier:** BLUEBERRY CHEESECAKE ®(Contains:Benzyl benzoate, Cinnamaldehyde, Linalool, delta-1-(2,6,6-Trimethyl-3-cyclohexen-1-yl)-2-buten-1-one)

**Other identifiers:** none

### 1.2 Relevant identified uses of the substance of mixture and uses advised against

**Product uses:** Fragrances

### 1.3 Details of the supplier of the safety data sheet

**Company name:** Sable Scents LLC

**Company address:** 1685 Terrell Mill Road SE  
Marietta, GA 30067  
USA

**Contact:** Regulatory Affairs

**E-Mail address:** help@sablescents.com

**Company phone:** 404-281-5355

### 1.4 Emergency telephone number

**Emergency phone:** 404-281-5355

## Section 2. Hazards identification

### 2.1 Classification of the substance or mixture

**Class and category of danger:** Acute Toxicity - Oral Category 5  
Skin Corrosion / Irritation Category 3  
Eye Damage / Irritation Category 2  
Sensitization - Skin Category 1  
Hazardous to the Aquatic Environment - Acute Hazard Category 1  
Hazardous to the Aquatic Environment - Long-term Hazard Category 2  
H303, May be harmful if swallowed.  
H316, Causes mild skin irritation.  
H319, Causes serious eye irritation.  
H317, May cause an allergic skin reaction.  
H400, Very toxic to aquatic life.  
H411, Toxic to aquatic life with long lasting effects.

### 2.2 Label elements

**Signal word:** Warning

**Hazard statements:** H303, May be harmful if swallowed.  
H316, Causes mild skin irritation.

---

---

## SAFETY DATA SHEET

In accordance with UN GHS latest edition

**Product:** BLUEBERRY CHEESECAKE ®

**Version:** 2

H319, Causes serious eye irritation.  
H317, May cause an allergic skin reaction.  
H400, Very toxic to aquatic life.  
H411, Toxic to aquatic life with long lasting effects.

**Precautionary statements:**

P264, Wash hands and other contacted skin thoroughly after handling.  
P273, Avoid release to the environment.  
P280, Wear protective gloves/eye protection/face protection.  
P261, Avoid breathing vapour or dust.  
P272, Contaminated work clothing should not be allowed out of the workplace.  
P305/351/338, IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.  
P302/352, IF ON SKIN: Wash with plenty of soap and water.  
P312, Call a POISON CENTRE or doctor/physician if you feel unwell.  
P337/313, If eye irritation persists: Get medical advice/attention.  
P333/313, If skin irritation or rash occurs: Get medical advice/attention.  
P363, Wash contaminated clothing before reuse.  
P391, Collect spillage.  
P501, Dispose of contents/container to approved disposal site, in accordance with local regulations.

**Pictograms:**

### 2.3 Other hazards

**Other hazards:**

Hydrocarbon Concentration %: 0.0000%  
Substance does not meet the criteria for PBT or vPvB according to Regulation (EC) No 17 1207/2006, Annex XIII.

### Section 3. Composition / information on ingredients

#### 3.2 Mixtures

**Contains:**

| Name            | CAS      | %       | GHS Classification                                                           |

**Substances with workplace exposure limits, not listed above:**

Not Applicable

## Section 4. First-aid measures

### 4.1 Description of first aid measures

**Inhalation:** Remove from exposure site to fresh air, keep at rest, and obtain medical attention.

**Eye exposure:** IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

**Skin exposure:** IF ON SKIN: Wash with plenty of soap and water.

**Ingestion:** Rinse mouth with water and obtain medical attention.

### 4.2 Most important symptoms and effects, both acute and delayed

May be harmful if swallowed.

Causes mild skin irritation.

Causes serious eye irritation.

May cause an allergic skin reaction.

### 4.3 Indication of any immediate medical attention and special treatment needed

None expected, see Section 4.1 for further information.

## Section 5: Firefighting measures

### 5.1 Extinguishing media

Suitable media: Carbon dioxide, Dry chemical, Foam.

# SAFETY DATA SHEET

In accordance with UN GHS latest edition

**Product:** BLUEBERRY CHEESECAKE ®

**Version:** 2

## 5.2 Special hazards arising from the substance or mixture

In case of fire, may be liberated: Carbon monoxide, Unidentified organic compounds.

## 5.3 Advice for fire fighters:

In case of insufficient ventilation, wear suitable respiratory equipment.

## Section 6. Accidental release measures

### 6.1 Personal precautions, protective equipment and emergency procedures:

Avoid inhalation. Avoid contact with skin and eyes. See protective measures under Section 7 and 8.

### 6.2 Environmental precautions:

Keep away from drains, surface and ground water, and soil.

### 6.3 Methods and material for containment and cleaning up:

Remove ignition sources. Provide adequate ventilation. Avoid excessive inhalation of vapours. Contain spillage immediately by use of sand or inert powder. Dispose of according to local regulations.

### 6.4 Reference to other sections:

Also refer to sections 8 and 13.

## Section 7. Handling and storage

### 7.1 Precautions for safe handling:

Keep away from heat, sparks, open flames and hot surfaces. - No smoking. Use personal protective equipment as required. Use in accordance with good manufacturing and industrial hygiene practices. Use in areas with adequate ventilation. Do not eat, drink or smoke when using this product.

### 7.2 Conditions for safe storage, including any incompatibilities:

Store in a well-ventilated place. Keep container tightly closed. Keep cool. Ground/bond container and receiving equipment. Use explosion-proof electrical, ventilating and lighting equipment. Use only non-sparking tools. Take precautionary measures against static discharge.

### 7.3 Specific end use(s):

Fragrances: Use in accordance with good manufacturing and industrial hygiene practices.

## Section 8. Exposure controls/personal protection

### 8.1 Control parameters

**Workplace exposure limits:** Not Applicable

### 8.2 Exposure Controls

#### Eye / Skin Protection

Wear protective gloves/eye protection/face protection

#### Respiratory Protection

---

---

## SAFETY DATA SHEET

In accordance with UN GHS latest edition

**Product:** BLUEBERRY CHEESECAKE ®

**Version:** 2

Under normal conditions of use and where adequate ventilation is available to prevent build up of excessive vapour, this material should not require special engineering controls. However, in conditions of high or prolonged use, or high temperature or other conditions which increase exposure, the following engineering controls can be used to minimise exposure to personnel: a) Increase ventilation of the area with local exhaust ventilation. b) Personnel can use an approved, appropriately fitted respirator with organic vapour cartridge or canisters and particulate filters. c) Use closed systems for transferring and processing this material.

Also refer to Sections 2 and 7.

### Section 9. Physical and chemical properties

#### 9.1 Information on basic physical and chemical properties

|                                                                  |                                      |

| Refractive Index @ 20C:   | -0.0015 - 0.0015 |

### Section 10. Stability and reactivity

#### 10.1 Reactivity:

Presents no significant reactivity hazard, by itself or in contact with water.

---

---

# SAFETY DATA SHEET

In accordance with UN GHS latest edition

**Product:** BLUEBERRY CHEESECAKE ®

**Version:** 2

## 10.2 Chemical stability:

Good stability under normal storage conditions.

## 10.3 Possibility of hazardous reactions:

Not expected under normal conditions of use.

## 10.4 Conditions to avoid:

Avoid extreme heat.

## 10.5 Incompatible materials:

Avoid contact with strong acids, alkalis or oxidising agents.

## 10.6 Hazardous decomposition products:

Not expected.

## Section 11. Toxicological information

### 11.1 Information on toxicological effects

This mixture has not been tested as a whole for health effects. The health effects have been calculated using the methods outlined in UN GHS.

|                                           |                                                                  |
|-------------------------------------------|------------------------------------------------------------------|
| <b>Acute Toxicity:</b>                    | Acute Toxicity - Oral Category 5                                 |
| Acute Toxicity Oral                       | 2194                                                             |
| Acute Toxicity Dermal                     | >5000                                                            |
| Acute Toxicity Inhalation                 | Not Available                                                    |
| <b>Skin corrosion/irritation:</b>         | Skin Corrosion / Irritation Category 3                           |
| <b>Serious eye damage/irritation:</b>     | Eye Damage / Irritation Category 2                               |
| <b>Respiratory or skin sensitisation:</b> | Sensitization - Skin Category 1                                  |

## Section 12. Ecological information

### 12.1 Toxicity:

Very toxic to aquatic life.

Toxic to aquatic life with long lasting effects.

**12.2 Persistence and degradability:** Not available

**12.3 Bioaccumulative potential:** Not available

**12.4 Mobility in soil:** Not available

**12.5 Other adverse effects:** Not available

## Section 13. Disposal considerations

### 13.1 Waste treatment methods:

Dispose of in accordance with local regulations. Avoid disposing into drainage systems and into the environment. Empty containers should be taken to an approved waste handling site for recycling or disposal.

## Section 14. Transport information

# SAFETY DATA SHEET

In accordance with UN GHS latest edition

**Product:** BLUEBERRY CHEESECAKE ®

**Version:** 2

**14.5 Environmental hazards:** This is classified as an environmentally hazardous substance under the UN Model Regulations. This is classified as a Marine Pollutant under the IMDG Code.

**14.6 Special precautions for user:** None additional

**14.7 Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code:**

Not applicable

## Section 15. Regulatory information

### Components listed on California's SB312

| Name                      | CAS      | %       |
|---------------------------|----------|---------|
| Benzyl benzoate           | 120-51-4 | 20-<50% |
| Di-(2-ethylhexyl) adipate | 103-23-1 | 20-<50% |
| Linalool                  | 78-70-6  | 1-<5%   |
| Cinnamaldehyde            | 104-55-2 | 1-<5%   |
| Benzyl alcohol            | 100-51-6 | 0.1-<1% |

### Additional formulation properties

| Name           | CAS      | %      |
|----------------|----------|--------|
| Vanillin       | 121-33-5 | 5-<10% |
| Ethyl vanillin | 121-32-4 | 1-<5%  |

## Section 16. Other information

**Concentration % Limits:** SCI 3=13.87% EDI 2A=32.23% SS 1=8.47% EH A1=52.44% EH A2=5.22% EH A3=0.52059906% EH C2=51.00% EH C3=5.10% EH C4=52.44%

**Total Fractional Values:** SCI 3=7.21 EDI 2A=3.10 SS 1=11.80 EH A1=1.91 EH A2=19.15 EH A3=192.09 EH C2=1.96 EH C3=19.61 EH C4=1.91

### Key to revisions:

2.1 Classification of the substance or mixture

Concentration % Limits

Hazardous Ingredients disclosed in a GHS Safety Data Sheet with banded concentrations

Information about hazardous ingredients in the mixture

Ingredients with an Occupational Exposure Limit disclosed on a GHS Safety Data Sheet Banded values

SECTION 3: Composition/information on ingredients

Total Fractional Values

### Key to abbreviations:

| Abbreviation | Meaning |

| H312              | Harmful in contact with skin.                                                                |
| H313              | May be harmful in contact with skin.                                                         |
| H314              | Causes severe skin burns and eye damage.                                                     |
| H315              | Causes skin irritation.                                                                      |
| H316              | Causes mild skin irritation.                                                                 |
| H317              | May cause an allergic skin reaction.                                                         |
| H318              | Causes serious eye damage.                                                                   |
| H319              | Causes serious eye irritation.                                                               |
| H320              | Causes eye irritation.                                                                       |
| H373              | May cause damage to organs (organs) through prolonged or repeated exposure (exposure route). |
| H400              | Very toxic to aquatic life.                                                                  |
| H401              | Toxic to aquatic life.                                                                       |
| H402              | Harmful to aquatic life.                                                                     |
| H410              | Very toxic to aquatic life with long lasting effects.                                        |
| H411              | Toxic to aquatic life with long lasting effects.                                             |
| P210              | Keep away from heat, sparks, open flames and hot surfaces. - No smoking.                     |
| P233              | Keep container tightly closed.                                                               |
| P240              | Ground/bond container and receiving equipment.                                               |
| P241              | Use explosion-proof electrical, ventilating and lighting equipment.                          |
| P242              | Use only non-sparking tools.                                                                 |

# SAFETY DATA SHEET

In accordance with UN GHS latest edition

**Product:** BLUEBERRY CHEESECAKE ®

**Version:** 2

|               |                                                                                                                                  |
|---------------|----------------------------------------------------------------------------------------------------------------------------------|
| P243          | Take precautionary measures against static discharge.                                                                            |
| P260          | Do not breathe vapour or dust.                                                                                                   |
| P261          | Avoid breathing vapour or dust.                                                                                                  |
| P264          | Wash hands and other contacted skin thoroughly after handling.                                                                   |
| P270          | Do not eat, drink or smoke when using this product.                                                                              |
| P272          | Contaminated work clothing should not be allowed out of the workplace.                                                           |
| P273          | Avoid release to the environment.                                                                                                |
| P280          | Wear protective gloves/eye protection/face protection.                                                                           |
| P301/312      | IF SWALLOWED: call a POISON CENTER or doctor/physician if you feel unwell.                                                       |
| P301/330/331  | If swallowed: Rinse mouth. Do not induce vomiting.                                                                               |
| P302/352      | IF ON SKIN: Wash with plenty of soap and water.                                                                                  |
| P303/361/353  | IF ON SKIN (or hair): Remove/take off immediately all contaminated clothing. Rinse skin with water/shower.                       |
| P304/340      | IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.                                 |
| P305/351/338  | IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. |
| P310          | Immediately call a POISON CENTER or doctor/physician.                                                                            |
| P312          | Call a POISON CENTRE or doctor/physician if you feel unwell.                                                                     |
| P330          | Rinse mouth.                                                                                                                     |
| P332/313      | If skin irritation occurs: Get medical advice/attention.                                                                         |
| P333/313      | If skin irritation or rash occurs: Get medical advice/attention.                                                                 |
| P337/313      | If eye irritation persists: Get medical advice/attention.                                                                        |
| P362          | Take off contaminated clothing and wash before reuse.                                                                            |
| P363          | Wash contaminated clothing before reuse.                                                                                         |
| P370/378      | In case of fire: Use carbon dioxide, dry chemical, foam for extinction.                                                          |
| P391          | Collect spillage.                                                                                                                |
| P403/235      | Store in a well-ventilated place. Keep cool.                                                                                     |
| P405          | Store locked up.                                                                                                                 |
| P501          | Dispose of contents/container to approved disposal site, in accordance with local regulations.                                   |
| STOT RE 2     | Specific Target Organ Toxicity (Repeated Exposure) Category 2                                                                    |
| Skin Corr. 1B | Skin Corrosion / Irritation Category 1B                                                                                          |
| Skin Irrit. 2 | Skin Corrosion / Irritation Category 2                                                                                           |
| Skin Irrit. 3 | Skin Corrosion / Irritation Category 3                                                                                           |
| Skin Sens. 1A | Sensitization - Skin Category 1A                                                                                                 |
| Skin Sens. 1B | Sensitization - Skin Category 1B                                                                                                 |
